<i>Note: Seating sizes above represent ranges for width and pitch over various airline aircraft types</i> FIND YOUR SPECIFIC SEAT PITCH & WIDTH BY AIRLINE AND AIRCRAFT TYPE OR SPECIFIC FLIGHT Seat Pitch represents the distance between the point on one seat and the same point on the seat in front of it. Upgraded Coach is typically an extra fee for a bigger seat with more pitch														
										<i>*Sometimes you will see a seat selection map at check-in 24hrs prior to flight and you can choose from available seats.</i>
